## FULL STACK DEVELOPER

With 4 years of experience in the IT industry as a Full Stack Developer, I have successfully delivered projects of diverse scales, leveraging my skills to drive results. I have collaborated with cross-functional teams, ranging from small, agile groups to large, and achieved project objectives efficiently. My commitment to excellence and continuous learning make me a valuable asset to any team.

## TECHNICAL SKILLS

- |                                     |   |
|-------------------------------------|---|
| • <b>Languages</b>                  | Html, CSS, SCSS, JavaScript                           |
| • <b>Libraries, Frameworks, Env</b> | React Js, Material UI, .Net Core, Express.js, Node Js |
| • <b>Tools and Software</b>         | Git, GitHub, Postman                                  |
| • <b>Database</b>                   | SQL, MongoDB  |

## PROFESSIONAL EXPERIENCE

### Orion Innovation, Coimbatore

Oct 2021 - Present

#### Roles / Responsibilities

- Full stack developer skilled in HTML, SCSS, .Net Core, and React Js, with a focus on scalable, responsive web applications.
- Collaborated on project design, feature enhancements, and cross-device UI implementation.
- Built and maintained RESTful APIs, improving backend efficiency and data integration.
- Resolved 90% of defects and performance issues through effective troubleshooting.
- Mentored junior developers, boosting team productivity.
- Experienced in Agile methodologies, actively participating in sprint planning, daily stand-ups, and iterative development cycles.

## PROJECTS

### Inventory Observation Web App

#### Phase 2

Apr 2025 – Present

- Leading enhancements based on auditor feedback to streamline UI and workflow.
- Collaborating cross-functionally to ensure alignment with evolving audit standards.

#### Phase 1

Jan 2022 – Apr 2023

- Developed a Progressive Web App (PWA) to digitize inventory observation, reducing time spent by 70%.
- Engineered offline-first functionality to support remote audits in low-connectivity areas.
- Integrated backend APIs for real-time sync and secure storage of observation data.
- Built a responsive UI with React and Material UI to ensure cross-device compatibility.
- Increased audit accuracy and efficiency.

### Auvenir Standalone Compilation App & Review App

Jun 2023 – Mar 2025

- Implemented modules for client relationship management and engagement tracking, streamlining audit planning and execution processes.
- Restructured communication workflows between clients and audit teams, reducing manual documentation and significantly decreasing paperwork.
- Contributed to both frontend and backend development, responsiveness, and maintainability.

## EDUCATION

- |   |              |
|---|--------------|
| • Sri Shanmugha College of Engineering and Technology                       | Salem, India |
| • Bachelor of Engineering (B.E) Computer science and engineering - 7.8 CGPA | 2017 - 2021  |

## ACHIEVEMENTS

- Received the Rising Star Award, Best performer based on ratings, project delivery metrics, and leadership feedback.
- Received the Star of the Month at Orion Innovation.
- SPOT Award - An internal recognition for the best team player and outstanding execution.
